Certificate of Flame-Retarding

Customer

Modelli Fabrics
Derwent Bridge House
Gote Road
Cockermouth
CA13 0HW

Description and Quality of Material

Pitlochry 7460

Test Requirement

Flammability in comparison with the requirements of The Furniture and Furnishings (Fire Safety) Regulations 1988 S.I. No.1324 Schedule 4 Part 1 and Schedule 5 Part 1.

Test Method

BS,5852: Part1: 1979 using ignition sources 0 (Cigarette) and 1 (Gas Match)

Internal Test Result

The fabrics named above have been treated with Flame-Retardant to ensure that sufficient chemical has been applied to comply with the above regulations. A sample has been tested for compliance against the match test BS.5852: Part 1 with exclusion of the water soak. Samples from ten percent of the batches of this material type have been tested for compliance after completion of the water soak and drying cycle.

Test Result

Weight Check Passed

Flame Test Passed
